

# Pinot Gris

It is a vine cultivar of good vigour, with an early-to-medium bud burst and an early maturation period. The grape production is not abundant.

It gives a fragrant straw-yellow coloured wine with a dry and justly acid taste.

After a short ageing it acquires an extremely refined bouquet.

L'INNOVAZIONE IN VITICOLTURA

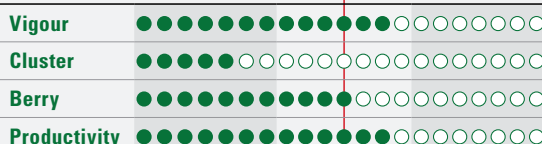

## VCR CLONES

### R6

Average of the cultivar

Origin:  
Rauscedo (PN)

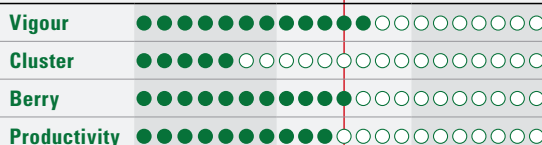

**Oenological aptitude:** this clone is suitable for fruity wines with good acidity, also suitable for ageing.

### VCR5

Average of the cultivar

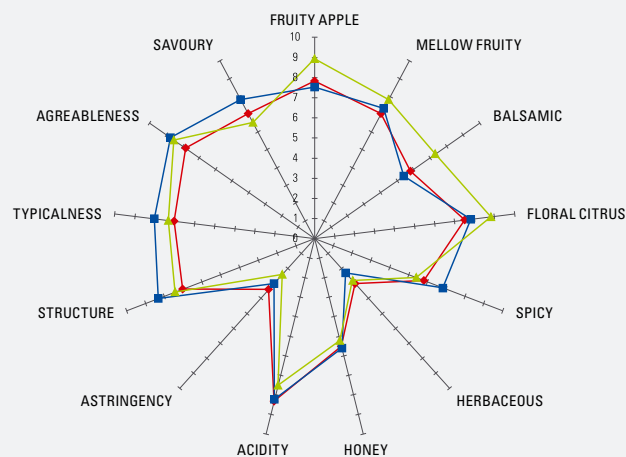

Origin:  
Rauscedo (PN)

**Oenological aptitude:** it gives elegant, perfumed, full-bodied wines. Blending with R6 is indicated.
