

Black Magic

It's a table grape cultivar of medium vigour, with an early bud burst and a very early maturation period. The grape production is good. The weight of the cluster is 600 gr and the weight of the berry is 5-6 gr, the sugar content amounts to 14-15%, the total acidity is 6‰ and pH is 3,35. For its aesthetic features and for its earliness Black Magic is an excellent table grape. The transportability is not very good.

L'INNOVAZIONE IN VITICOLTURA

This cultivar, still under agronomic experimentation, is a VCR exclusive.
