

# Italia (Muscat d'Italie)

It's a very vigorous table grape cultivar with a medium-to-late bud burst and a medium-to-late ripening period.

The grape production is high and constant.

The weight of the cluster is 600-700 gr and the weight of the berry is 8-10 gr, the total acidity is 4-5%, pH is 3,45.

The transportability is excellent as well as the resistance of the clusters on the plant.

Italia is the queen of table grapes also for its fine Muscat aroma.
